Vinay Avvaru

Software Engineer

github.com/De-Vin
linkedin.com/in/vinay-avvaru

Associate Software Engineer specializing in front-end development with React and JavaScript. I build responsive UIs from Figma designs, optimize performance, and support across the product life cycle — including debugging, testing, minor back-end tasks, and deployments.

Skills

Programming Languages	JavaScript, TypeScript, HTML, CSS
Frameworks & Libraries	React, Vue.js, shadcn/ui, Material UI
Backend & APIs	REST APIs, GraphQL, Node.js
Tools & Platforms	Git, Keycloak, Form.io, CI/CD Pipelines
Testing	Jest, React Testing Library, Unit Testing

Technical Experience

Software Engineer / 4Healths **Dec 2024 — Present**
Techsophy *Hyderabad*

- Built **4 healthcare web applications from scratch** using **Vue.js, React, and shadcn/ui**.
- Led **Keycloak multitenancy, custom themes, and RBAC** for scalable authentication.
- Delivered responsive, **pixel-perfect UI** from Figma designs and implemented core user workflows.
- Collaborated with backend, QA, and DevOps teams on production fixes and deployments.

Associate Software Engineer / Channel360, Paisaplan **Jan 2024 — Dec 2024**
Techsophy *Hyderabad*

- Developed and maintained web applications for **insurance agents (Channel360)** and a **digital insurance platform (Paisaplan)** using **React and JavaScript**.
- Led **Node.js upgrade from v14 to v20**, resolving compatibility issues and improving application stability and performance.
- Implemented core UI screens, business workflows, and integrations aligned with insurance domain requirements.

Software Engineer Intern **Aug 2023 — Dec 2023**
Techsophy *Hyderabad*

- Gained hands-on experience building and enhancing **UI components** for internal enterprise tools.
- Worked extensively with **Form.io**, implementing custom forms, integrations, and workflows.
- Contributed to **Awgment (in-house platform)** for user management and workflow enhancements.
- Worked on improving the **Awgment**, enabling faster application setup instead of building from scratch.

Education

Rajiv Gandhi University Of Knowledge Technologies **2018 - 2022**
B.Tech in CHE *Nuzvid*

Rajiv Gandhi University of Knowledge Technologies **2016 - 2018**
Pre University Course *Nuzvid*

Activities

Participated in multiple hackathons focused on web development and problem-solving.	2024
University-Level Hackathons and Coding Sprints	2019 — 2022
Graduate Student Council Representative, Rajiv Gandhi University of Technologies	2020 — 2022
Academic Student Association Workshop, Creator & Facilitator	2021
Technical Symposium Series, Rajiv Gandhi University of Technologies, Poster Presenter	2021
College of Engineering Project Showcase, Research & Project Presenter	2022
